2nd Stage

Pay respects to Eddie Lee? Fuck that.

We've already surpassed *Dying Breed*... We've surpassed *Eddie Lee!*

Why should I? I'm gonna be honest here.

BOOOOO!

Shut up.

You look like a pansy with all that make up.

I'll wake up the faithful with a little something.

Dexter!
No encore?!

The audience at Avalon is always crazy.

You guys were on fire today.

Many of them were dead drunk, though.

MMM!

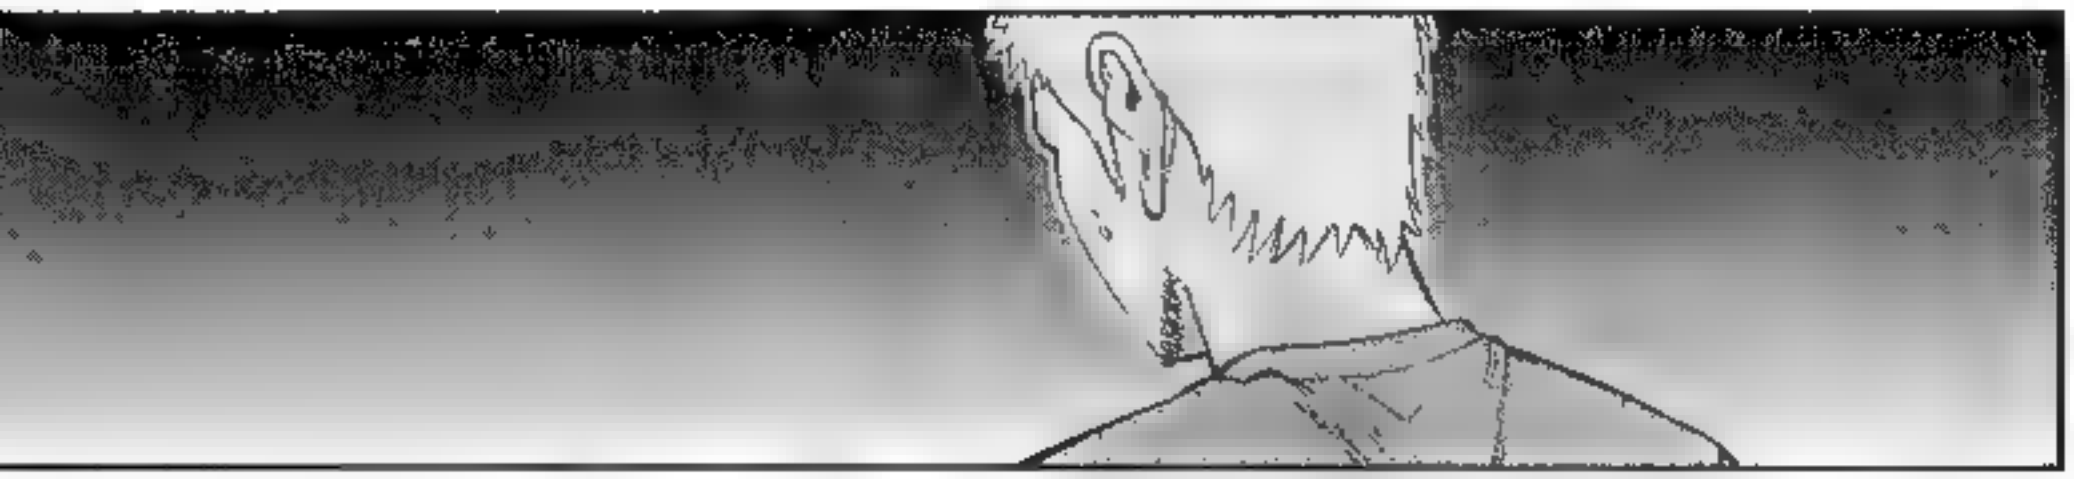
The Rayline Stage. I guess he went to go see that Japanese band.

So, where did he go?

Oh yeah, what was up with Matt's helicopter?

As usual, he [illegible] to stir things up, huh?

They had some technical trouble and ran behind schedule, though. I heard they're still performing.



Hey, look!

Yeah!

Woo!

What should we watch next?

Who else is there other than Hypnosis?

WHOOOAH

Dexter's back! Are they doing an encore?!

It's Dexter!

Mind if I say one last thing?

Woosh

The Avalon Festival is the biggest rock festival in the world, with many fantastic artists gathered in one place.

Whistle

I love you, Dexter!!

Among those artists...

Who are currently performing at the Rayline stage.

is *Mongolian Chop Squad,*

Be sure not to miss their show.

You guys may not have heard of them, but everyone's talking about them back stage.

Wh-What was that?!

What's Mongolian Chop Squad?

Wait, that's all he wanted to say?!

WAH!

But the Rayline Stage is pretty far, y'know?

Wanna check them out?

Still, that's the first time I ever heard Dexter recommend another band!

I may have given them too much credit.

Dexter...

I had no clue that you listened to *Mongolian Chop Squad.*

I haven't, actually.

Smirk

I just don't want people like *Earth* playing *"Eddie Lee's Last Song."*

Third Stage:
28,501 people...

Second Stage:
19,943 people...

I would guess that the decrease in people means that the show's are over, correct?

.....

Main Stage:
85,027 people...

Correct... By the way, for some reason, the attendance of the Second Stage began to drop before the show was over.

Ominously

Why? That's rather unusual.

And the Rayline Stage...

27,594 people!

5

6

7...

The attendance is still increasing!

FUCK!

WAAAAH

What's up with this gate?!

Hurry and let us through!

I wanna see Mongolian Chop Squad!!

What the hell? This line isn't moving at all!

THUD

Yesterday...
Such a shame.

Were there a bit more time, we would have had 40-50 thousand people show up.

It seems like the surrounding attractions were overflowing with people as well.

There were more than 30 thousand.

It's not a matter of numbers.

It has nothing to do with how many people went to the other stages.

What matters is that we made an impact on the people that came to see us.

EARTH WILL PERFORM EDDIE LEE'S "LAST SONG"

TONIGHT

I thought you guys weren't planning on playing that song last night?

Was it something you just had to do in front of Matt?

It's not that ...

It was because of *Chiba*...

He said that we should play it.

He said our last song can't be anything *but* that song.

A

AH

As expected, this gamble went in our favor!

I mean, it was really reckless of those Japanese kids to take on a challange like that.

But, since it was really to be expected, there's no real point in me reporting this.

So, how many people in total came to see *Mongolian Chop Squad?*

Quite the clever girl.

I'm not sure... Jodie Riley opened up the stage gate.

Why is it that this young generation knows nothing about how dangerous I am?

Go let them know.

Kenneth!

And be thurough.

I guess we'll start with those Japanese guys.

And don't go easy on Matt Reed or Dexter Adams, all right?

I hope Kenneth becomes a suitable successor.

All that's left is for *Earth* to do their part tonight...

They were incredible!

I went!

You were lucky.

Well, that's absurd...

THAT was Eddie Lee's *"Last Song."*
